

Flores Bohemia

STRELITZIA CUT FLOWERS AND FOLIAGE
FROM GUATEMALA C.A.

Rainforest Alliance
Certified Flowers

About us

With more than 30 years of experience, our company has dedicated its business to growing and exporting Strelitzia fresh cut flowers and foliage.

Our ongoing commitment to quality has made a leading supplier to our customers located in The United States, Canada, and Europe.

About us

Our farms are located strategically in Guatemala, Central America. This allows us to take full advantage of optimal weather conditions for producing a premium quality product.

Additionally, our locations permits us to send the very best fresh product in a short window of time, guaranteeing a long vase life. We carefully select our flowers to ensure consistency on shape and size so that our customers get only the best quality possible.

Our facilities

Our Strelitzia farms are located 35 km from Guatemala City and 6,200 ft. above the sea level. this is key in growing premium quality products in optimal climatic conditions.

The microclimate, mild temperatures and relative humidity are ideal for our crops giving us the advantage of producing flowers nearly all year round.

A temperature-controlled room permits us to store our harvested flowers in the ideal environment while they wait to be exported.

Our farms

Our Strelitzia farms are proudly Rainforest Alliance Certified™. This assures you and your customers that our flowers are produced using environmentally and socially responsible practices.

Buying flowers with the Rainforest Alliance Certified™ seal support a healthier planet and an improved quality of life for farming communities.
